

EMU-1 Installation Guide

Warning

This disc is a CD-ROM and is designed for use with a PC, under no circumstances should it be played on an audio CD player.

1. CONTENTS

Folder 1 – HC133 emulator, HC133 test and answer sheet.

Folder 2 – HC106 emulator, HC106 test and answer sheet.

Folder 3 – EC240 emulator, EC240 test and answer sheet.

2. SYSTEM REQUIREMENTS

- Microsoft Windows 98 or above.
- The emulator uses Flash Player 9, no installation is required and the emulator will run straight from the CD-ROM.
- The test and answer sheets are in Word format and require a current version of Microsoft® Word to be installed on your PC.

3. ACCESSING THE CONTENT ON THE CD-ROM

- i. With PC turned on insert CD-ROM into CD drive, if self-run is enabled move onto step iii.
- ii. If self-run is not enabled right click on 'Start', click on 'Explore', find and click on you CD drive.
- iii. Three folders will be viewable, 'HC133 Emulator', 'HC106 Emulator' and 'EC240 Emulator', select your model of calculator and double click the folder.
- iv. 3 files will now be visible, the emulator program (the flash file) and the test and answer sheets (the 2 Word files).
- v. Simply double click the flash file to run the emulator software.

4. AUTHORISED USAGE

The emulator is licensed for use on a single site basis and can be used by an unlimited number of users on the site. The software can be installed on an unlimited number of PCs on the site or loaded onto a server and made available across the site's network.

The test and answer sheets may be used, edited, copied and reproduced by the end user in conjunction with the use of Aurora Calculators.
