

AS680MB Paper Shredder

The Aurora AS680MB is a micro cut paper shredder that will shred up to 6 sheets of paper at a time into very secure 3 x 9mm pieces meaning an A4 sheet is shredded into over 2000 particles. In addition it can also shred 1 credit card at a time, and if small paper clips or staples find their way into the shredder it will shred these too. The AS680MB is equipped with ShredSafe®, an adjustable safety cover which can be used as an emergency stop, it will also stop the shredder should it detect forced entry of any kind. The AS680MB has a compact desk side design with a dual paper entry slot so paper can be inserted from either side and the 18L waste bin has a viewing window to show when it is getting full. The AS680MB is a compact shredder suitable for small offices and users who require a high level of security.

- 6 Sheet micro cut shredder
- Shred size 3 x 9mm
- Security Level P5
- ShredSafe® safety shut off
- Dual paper entry slot
- 18 Litre waste bin
- Shreds credit cards

Compact desk side design
and lift off waste bin

Shreds Credit Cards

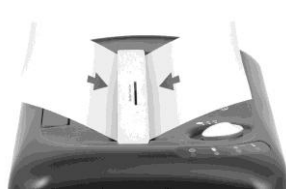

Safety Cover

Special Features

ShredSafe® is an adjustable safety cover which can act as an emergency stop, it will also stop the shredder if it detects any forced entry

The dual paper entry slot allows paper to be fed in from either side of the shredder meaning it can be easily used on either side of a desk

The shredder will securely destroy one credit card at a time by cross cutting it into small pieces

The 18L lift off waste bin is easy to empty and there is a viewing window so you can see when it is full

Technical Specifications
