

EC101 Handheld Calculator

The Aurora EC101 handheld EcoCalc, is made from recycled plastic, powered entirely by light and is totally battery free. It has a large 8 digit LCD display for easy viewing, soft rubber keys and large numerals for ease of use and Aurora's patented long equals bar to enable speedy calculations. Also included are all the basic maths functions you would expect on a calculator. So overall a great calculator that combines functionality with eco-friendly features.

Technical Specifications
