

EC240 Handheld Calculator

The Aurora EC240 handheld EcoCalc, is made from recycled plastic, packaged in recycled packaging cardboard and is battery free being totally solar powered. It has a clear 8 digit LCD display for easy viewing, hard plastic keys for durability and a spacious key pad making it easy to use. Also included are all the basic maths functions you would expect on a calculator. So overall a great calculator that combines functionality with eco-friendly features.

- Clear 8 digit LCD display
- Made from recycled plastic
- Hard plastic keys
- Large addition key
- Battery free - solar power
