

EC707 Desk Calculator

The Aurora EC707 large desk EcoCalc, is made from recycled plastic, powered entirely by light and is totally battery free. It has a large 12 digit LCD display for easy viewing, hard plastic keys and large numerals for ease of use and Aurora's patented long equals bar to enable speedy calculations. The handy Cost-Sell-Margin function is great for sales and gross profit calculations and the patented DirecKey feature means that this calculator turns on when any key is pressed, this key stroke will also register. So overall a great calculator that combines functionality with eco-friendly features.

- Large 12 digit LCD display
- Made from recycled plastic
- Patented large equals bar
- Battery free - solar power
- Cost-Sell-Margin function

Technical Specifications

Did you know?

EcoCalc's provide the ideal solution for anyone looking to make a more environmentally conscious purchase. They are made from recycled plastic, packaged in recycled cardboard, and produced in a ISO14001 environmentally accredited factory. The EcoCalc range combines outstanding general purpose calculators with a greener manufacturing process and reduced carbon footprint, so for the first time quality, value and environmental benefits are combined in one product range.

The EcoCALC logo, featuring the word 'EcoCALC' in a bold, green, sans-serif font. The 'E' and 'C' are stylized with a circular arrow around them, and there is a registered trademark symbol (®) at the end.
