

LM3211H Laminator

The Aurora LM3211H is a reliable laminator that can laminate documents up to A3 in size. It has two adjustable temperature settings, one for 80-100 micron pouches and another for 125-150 micron pouches. It has a 5-6 minute warm up time and pull down entry and exit trays to make laminating your document easy. There is a user friendly jam release lever so that any problem laminations can be easily removed and the design of the laminator also incorporates a carry handle and cable tidy. The LM3211H is a great laminator for the home or office and includes two free A4 laminating pouches.
