

LM4241H Laminator

The Aurora LM4241H is a professional laminator that can laminate documents up to A4 in size and has four adjustable temperature settings for 80, 100, 125 and 150 micron pouches. It has a very fast 2 minute warm up time and is also very quick at laminating so professionally finished laminated documents can be produced in very short period of time. The LM4241H has 4 heated rollers to ensure quality laminations and there is a user friendly jam release lever so that any problem laminations can be easily removed.

- A4 hot laminator
- 4 temperature settings
- 80-150 micron pouches
- Fast 2 minute warm up time
- 4 heated rollers
- Jam release lever

4 Temperature settings

Technical Specifications
