

DC756 Desk Calculator

The Aurora DC756 is a large general purpose desktop calculator, which has an angled 12 digit LCD display to enable easy viewing. The calculator is designed for ease of use with large durable hard plastic keys, an extra large addition key and a well spaced keypad. Features include a 'Mark Up' key for calculating gross profit, a decimal point selector, 'Add mode' for working with money and a round up or down selector. The DC756 is solar powered with a battery back-up and has a durable front case made of metal.
