

DC861 Desk Calculator

The Aurora DC861 is an extra large general purpose desktop calculator, which has an angled 12 digit LCD display to enable easy viewing. The calculator is designed for ease of use with large durable hard plastic keys, an extra large addition key and a well spaced keypad. Features include a 'Mark Up' key for calculating gross profit, a decimal point selector, 'Add mode' for working with money and a round up or down selector. The DC861 is solar powered with a battery back-up and is an extra large heavy duty product.
