

## PC103 Handheld Calculator

The Aurora PC103 is a very useful pocket sized general purpose calculator, which has a smart metallic silver finish and a large 12 digit LCD display to enable easy viewing. The calculator is designed for ease of use with responsive soft rubber keys, a large addition key and a smart protective fold over soft wallet. All the expected maths features are present, including square root and percentage and there is also a handy mark up (MU) feature which is great for calculating gross profit margins.
