

AS1000CD Paper Shredder

The first thing to notice about the AS1000CD is its size, it is much smaller than most 10 sheet shredders and is designed for use on a desk. The small size allows for great space saving, portability and easy storage. The shredder has a 10 (folded) sheet capacity and cross cuts documents into small 4 x 47mm particles, it can also shred one credit card or destroy one CD at a time. The 4.3 litre bin is compact in keeping with the shredders overall size and pulls out so emptying it is very easy. The shredder has a powerful yet quiet DC motor, safety cut outs prevent accidental operation and thermal cut outs protect the shredder from over heating.

- 10 (folded) sheets capacity
- Cross cut shred size 4x47mm
- Security Level P3
- Space saving design
- 4.3 Litre pull out waste bin
- Destroys CDs
- Shreds credit cards

Space saving tabletop design

Shreds Credit Cards

Destroys CDs

Security Level P3

Special Features

An A4 sheet needs folding in half to fit in the shredder, the capacity is 10 folded sheets.

A single CD can be fed into the shredder, it will be cut into chunks securely destroying it.

The shredder will also securely destroy one credit card at a time by cross cutting it into small pieces

The 4.3L waste bin is compact and pulls out to allow easy removal and emptying

Technical Specifications
