

AS890C Paper Shredder

The Aurora AS890C is a reliable personal shredder for home and office use, that can shred up to 8 sheets of paper at a time into particles of 5 x 47mm. In addition it can also shred 1 credit card at a time, and if small paper clips or staples find their way into the shredder it will shred these to. The 13 litre bin provides good storage for shredded waste and due to the small shred size the waste bin requires emptying less often. The AS890C also has safety features including a thermal cut out to prevent the shredder from over heating and a sensor that prevents the shredder from operating while the waste bin is removed. Overall a great small shredder for the home or office that shreds quickly and quietly.

- 8 sheet cross cut shredder
- Shred size 5 x 47mm
- Security Level P3
- 13 litre waste bin
- Waste level viewing window
- Shreds credit cards
- Overheat and safety protection

Ideal for securely disposing
of expired credit cards

Cross cuts credit cards

Security Level P3

Special Features

The shredder will securely destroy one credit card at a time by cross cutting it into small pieces

The shredder has an easy to empty waste bin with a lift off top with finger supports on the side

A large viewing window in the waste bin shows when the bin is getting full and requires emptying

Simple to operate 3 position switch with Auto, Reverse and Off settings
