

LM6210H Laminator

The Aurora LM6210H is a reliable laminator that can laminate documents up to A6 in size, it has a 5-10 minute warm up time and can accept up to 100 micron laminating pouches.

The LM6210H is very easy to use, simply turn it on and the red 'power' indicator will illuminate and the laminator will begin to heat up. When the laminator is ready for use the green 'ready' indicator will illuminate and laminating can commence. The LM6210H is a very compact machine and is ideal for preserving important photographs and for creating ID cards.

- A6 hot laminator
- Ideal for photographs
- 100 micron pouches
- Warm up time 5-10 minutes
- Compact space saving design

Technical Specifications
