

## DC445 Desk Calculator

The Aurora DC445 is a general purpose desk calculator which has a large 12 digit adjustable tilt display to enable easy viewing. The calculator is designed for ease of use with durable hard plastic keys and a large addition key. There is a Mark Up feature which is great for calculating gross profit margins and a programmable tax function which allows a tax rate to be set and stored by the user and then simply added or deducted by pressing the tax +/- keys, this is ideal for adding or subtracting VAT. The DC445 is solar powered with a battery back-up and is excellent value for money.
