

PC104 Handheld Calculator

The Aurora PC104 is a very useful pocket sized general purpose calculator, which has a large 8 digit LCD display to enable easy viewing. The calculator is designed for ease of use with responsive soft rubber keys, a spacious keypad, a protective fold over hard plastic case and all the expected maths features are present, including square root and percentage. The PC104 is solar powered with a battery back-up and is a reliable quality product which has a nice metallic silver finish and is very good value for money.
